What is the TaxiCard Program?
The TaxiCard program provides a monthly subsidy for taxicab transportation to eligible individuals. Each month that a payment is made, money is added to the TaxiCard to help pay for taxicab rides. The program is funded by the Maryland Department of Transportation and the Baltimore City Health Department Division of Aging & CARE Services.

Registration is required. All individuals must meet eligibility requirements.

TaxiCard can be used with participating taxicab companies for fare payment 24 hours per day, 7 days per week.

>> The card may be used to pay for the entire fare or a portion of the fare, depending upon the available balance on the card. If the TaxiCard does not have sufficient funds, you must pay the difference.

>> The TaxiCard must be presented to the cab driver for processing fares.

>> The driver must always provide a completed receipt; the client must sign the receipt and keep a copy.

>> Payments for the TaxiCard can be made by check, money order or credit card on the caretaxicard.com website.

>> The card may be used only by the registered person. It is not transferable. Change of participant’s address or telephone number must be reported.

>> You may participate in the program as long as your registration is current.
